## A FEW WORDS FROM THE PRES...

Well, it's a problem how to describe where the water is, it is either down to the top of the lower ramp or has come up to the top of the lower ramp. Anyway, that's where it is. Let's hope the monsoons will fill the lake again.

Fishing is the same, one day you can't keep them from jumping in the boat and the next day you can't find them. Most of the fish are three to six pounds and not much bigger.

We did not spend any money on removing old nets from the lake this year because it seems the netters did a pretty good job when their season ended.

The city finally put in a park and a kid's playground on the land in back of Jerry

Legard's home. This has been in the planning stage for years.

The fishermen from Hermosillo have sure moved into Novillo, most every day some of them are at the lake fishing and they are getting houses in San Pedro.

Now for the *real* good news, the runway at San Pedro is being completely redone at this very moment! This is being done by professional workers brought in by the state. At first they were going to replace the existing runway with cement, but due to wet weather, they are going to blacktop it. The other good news is that the city now has a five year permit so we should not have it closed down as it was due to permit problems among other things.

*Continued on page 2*

**Pedro Silvas sent a lot of photos of the park and upgrades to the runway. This is one of the photos of the playground. Find more photos inside.**

With all this uproar over the Arizona law and border problems, it seems no one is having problems going and coming from the lake. In fact, the people on the Mexican side of the border are extremely friendly and helpful as long as you are doing your best to obey their laws.

As of now it looks like our annual meeting will be on November thirteenth, which is Veterans Day weekend.

By the way, the runway is scheduled to be finished the first part of September.

See ya at the lake!

Vic

*Thank you Pedro  
Silvas for all the  
photos!*

## FOR SALE

**Completely furnished home with storage building. Lots of fishing gear, boat shed with three bass boats and two Mexican registered vehicles, all on two city lots. Seven years remains on twenty-year lease with option to renew.**

**Contact Clay Burhart at 940-566-0022 or 972-849-8155; Also Ramon Silvas at 232-1309.**
